Foreword

When the flowers of youth have faded
And Life has our destiny cast
When time has slipped by, unaided
And joys of school days are past,
We'll return to the groves of our childhood
Through the leaves of the Oak thread our way,
As children who sport in the wildwood
Relive that season of May.

Dedicated to

Mr. Winton E. Noah

in grateful recognition of his sincere devotion, untiring service, and unfailing example of high moral ideals to the students of Adamson High School.

Of nothing comes nothing:
springs rise not above
Their source in the far-

Whence then have descended
the Wisdom and Love
That in man leap to light
in intelligent fountains?

Parent Teacher

"Lives of great men all remind us
We can make our lives sublime,
And, departing leave behind us
Footprints on the sand of time:
Footprints, that perhaps another,
Sailing o'er life's solemn main,
A forlorn and shipwrecked brother,
Seeing, shall take heart again."

Truly the lives of one generation reflect the character of its predecessors and reflect in the life of all posterity. Certainly we want our lives to count for most in the building of the best in the lives we touch; and we are indebted to those who have enriched our lives for we are a part of all we meet.

Mr. Allen, Members of the Faculty, and Students, it has been the pleasure of your Parent-Teacher Association to work with you and for you. We appreciate your loyal cooperation at all times.

Seniors, to wish you as much happiness as you give to others is to wish you happiness indeed.

Dads Club

The Dads Club has sought this year to carry on its general objectives and to cooperate with school officials and faculty whenever possible for special purposes.

The club has done welfare work among the pupils and has offered rewards to encourage improvement in scholarship. It has fostered athletics and has contributed to the promotion of academic farensic contests.

The Dads Club has also attempted to arouse greater community interest in the school through its annual round-up banquet and entertainment program. It has sought and secured improvements about the school and grounds which benefit all. Membership and attendance at regular meetings have, as a result, been the largest since organization.

With all sincerity the Dads wish both pupils and faculty the best in both educational and social environment, and stand ready to render a full measure of service toward those ends.

In Memoriam

In memory of her beloved Mrs. Nell Taylor, who for so many years led the faltering footsteps of Adamson students along the paths of best endeavor, and who on December 31, 1937, left this turbulent world for a home with Him who justly rewards an earnest worker.

For me the diamond dawns are set
In rings of beauty,
And all my ways are dewy wet
With pleasant duty.

To Adamson High School

Rocks of wisdom rooted lie
Along your walls; they signify
Honor, strength, attainment true,
Reward and fame to merit due.

Your steps mean courage, one by one,
Mounting higher toward the sun;
We, looking back through years gone past,
Find each step higher than the last.

Your portals, windows open wide,
Proudly show a glimpse inside
Where truth and kindly deeds abound
And knowledge holds his sacred ground.

Your halls of trust our futures built
Free from cheap and tarnished gilt;
There friendships played their cherished parts
Now deeply planted in our hearts.

Our paths must part, no more we'll meet
In halls our laughter used to greet;
In leaving we shall each one pray
To bring you honors back some day.

GLENN FOY HENRY BURT

GLENN FOY

Entered from Peeler, 1934.

"He dealt in dreams and called it work."

HENRY BURT

The challenge of the world to the schools and graduates of today is to produce a straight-thinking, fair-minded, tolerant and courageous citizenry for the America of tomorrow. Hard work and high intelligence are the bases of a prosperous country.

Seniors, seek the abundant life through sincere, honest labor and unselfish service to your fellow men. Friendliness, gracious manners, kindness and high ideals will be an abiding asset to you and to your community.

H. A. Allen.

I keep some portion of my early gleam;
Brokenly bright, like moonbeams on a river,
It lights my life, a far illusive dream,
Moves as I move, and leads me on forever.

Whatever is in any way beautiful hath its source of beauty in itself, and is complete in itself; praise forms no part of it. So it is none the worse nor the better for being praised.

Penryon Rasor

If you will observe, it doesn't take
A man of giant mould to make
A giant shadow on the wall;
And he who in our daily sight
Seems but a figure mean and small,
Outlined in Fame's illusive light,
May stalk, a silhouette sublime,
Across the canvas of his time.

DRAMATIC CLUB

PURPOSE:

All students of Adamson High are eligible for membership to this club, whose purpose is to develop a greater and more worthy interest in all phases of the drama, to aid and encourage those who possess creative ability, to improve diction, to establish poise, and to serve as a stepping stone to the National Thespian Club and higher dramatics.

PAN-AMERICAN STUDENT FORUM

The Pan-American Student Forum is composed of thirty members from each of the Dallas High Schools. There are five meetings each year of the entire club in the form of banquets. Each Unit has meetings in its own high school.

Our creed is to bring about a closer relationship, sympathy, and understanding with the peoples of the American Continent.

The national convention was held in Dallas in June, 1937; the state convention in Laredo and Monterey in March, 1938.

F O O T B A L L

Lots of Luck,
Wenzel Gandy

George Patterson
J. V. Ridley
Wensel Gandy
Kenneth Landers
J. E. Avera
Lloyd Davis

George "Pat" Patterson

George, tri-captain and quarter back, had a tough assignment, but he handled it with ease and had some to spare. Pat smashed his way through broken fields and left would-be tacklers clutching at the air. As a safety man, George was unbeatable.

Wenzel "Brother" Gandy

About school, Wenzel is called "Brother" because he is that kin to Rex Gandy, star tackle. This is the first time in a number of years that two brothers played side by side in a game. Brother, during the season, excelled in pass *snaring* and ran the leaders a tight race at blocking and tackling.

Kenneth "Step-n-Fetchit" Landers

Kenneth was probably the hardest struck boy on the Adamson squad as far as injuries were concerned. He was the hardest worker and a very dependable guard until "Lady Luck" went against him in the I. O. O. F. game. Step-n-Fetchit stayed in there and fought hard and won his letter. Next year much is expected of him.

J. E. Avera

J. E. rose from the rank of a scrub, to bench warmer to the varsity squad in a week's time. He surprised fans; but those who knew football players felt that J. E. was a natural as a guard. He, in the Sunset game, started the tide turning as he smashed his way through his opponents and contacted the ball carrier with fierce and deadly tackles. Avera finished his high school career as a football player in great style, and his spirit and hustle will be the example for football players to come.

Lloyd (Country) Davis

Lloyd was the utility man on the Leopard squad. He played seven different positions during the fall of '37 and played one as well as the other and as well as any player who usually held down the position. Country had hard luck during the first of the season with an injury in his knee, but he got over it and finished in a glorious manner at right guard.

Elmer "Scorpion" Durrett

Elmer on numerous occasions not only was a good offensive and defensive player in the line, but he also demonstrated some fine ability intercepting passes, while breaking up line plays. This is Durrett's second year to lettr, and with his indispensible line backing on the defensive, he should be given honorable mention for All-City.

James Suter

Taken from his regular guard position, James was placed at the right tackle position in place of injured Rex Gandy. He played as brilliant a game at tackle as he did at guard, and will be remembered by his teammates and opponents for his fair and excellent playing.

Elmer Durrett

James Suter

F O O T B A L L

James "Davis" Oakes

Tri-Captain Oakes was one of the outstanding players in the district. In fact he was picked by many as All-City. He was one of our hardest tacklers and best blockers. He was a fighter to the end, and no doubt will always be remembered by both friend and foe.

Warren "Joker" Harding

Warren's do or die spirit, and consistent hustling, in turn, gave him a letter this year. Not only spirit and hustle, but his ability to block and tackle were remarkable in spite of his lack of experience. Harding has what it takes, and will be back next year to display his skill.

Oliver Cavett

Oliver lettered this year for the first time and will be back next year to take the Leopards through another year of history football. He was a serious worker and was very dependable when called upon. Oliver was a good player on offense, and defense, though lack of experience held him back considerably.

Hal (Hole) McCullough

Hal surprised many Leopard fans by taking over the right end position at the first of the season and holding it through out the games. His great improvement was in blocking and tackling, and that gave him the promotion. "Hole" opened the season with a bang, showing his ability at catching passes from all angles and positions. Hal has one more year to play and has great hopes of carrying away all-city honors.

Douglas Rawlings

Though not mentioned much during a game as outstanding, Douglas was the real and true cause of Niblo's consistant ground gaining. His superb blocking on off-tackle plays and end runs will always be remembered. Though this was Doug's first and last year to play on the varsity squad, he made himself known to all Leopard rooters who saw him play.

G. W. Chandler

Chandler is rated, by all, as one of the fastest and shiftiest backs in the city. He was as brilliant a pass receiver and he was a ball carrier and in him was the spirit and hustle that all great football players have. G. W. finished his football career at Adamson this year, but will be heard of in years to come, not only in football, but in basketball and baseball as well.

Al Boatman

Al was another one of the boys on the injured list at the first of the season, but he pulled out of it in time to get recognition as an excellent football player. Boatman showed vast improvement as the season went along and always had that fighting determination to win. He will have a hard job next year as guard, but his spirit will carry him through.

REX "MAHATMA" GANDY

Rex, tri-captain and ace tackle for the Leopards, would have been unquestionable All City, but a broken hand, received in the Waco game, prevented it, because it was the cause of his missing three city series tilts. Mahatma turned in a dependable offensive and defensiv performance in every game he appeared in, which was dear to every coach but the enemy instructor.

ROBERT BAKER

Robert is known as the sophomore sensation on the gridiron. He excelled as a blocking back when only one year of experience was behind him. With two more years to go, Robert should make a strong bid for All-City. Baker has the real traditional "Oak Cliff Spirit" and much is expected of him in the future.

BILL (BODACIOUS) BARNES

Bill used his 210 pounds of muscle to a great advantage, smashing through opponent blockers with ease. He, at times, bolstered up the whole left side of the Adamson forward wall when his mates on each side were unfortunately taken out. Bodacious's everlasting spirit during his last year of play will be remembered by all who know him and have heard of him.

JAMES "HYMAN" FOX

The left guard position was filled in by steady and dependable James Fox. Several boys who opposed Fox said James was the hardest charging guard they had played against. He played almost enough time in various opponents' backfield to earn a letter from their school.

BILL "RED" PRENTICE

Bill was one of the most useful boys on the squad. Whenever the players needed equipment, or first aid, Bill was always Johnny on the spot. He believed in the Leopards and helped them along with encouraging words and brightened things up when the going was tough. Prentice has been assistant manager two years and this year he was promoted to head manager. He has one more year to be manager of the football squad.

RAY NIBLO

As the star player, Ray was the mainstay of the Leopard squad. He was a triple-threat man being able to pass accurately, punt far and high, carry the ball and gain ground consistently, and last but not least, he was easily the hardest tackler of the city. In all of this Ray was elected All City and was mentioned as an outstanding player in the state.

LLOYD DAVIS

"Country", as Davis is known, was substitute guard. Although he played only a few games, he was a good defensive man. Davis graduates in June thereby losing for Adamson another fine prospect. "Country" has been out for basketball three years and this is his first year to letter.

A. W. HARRIS

A. W. is the tallest man on the team, and lettered for his first time this year. Harris, who played center, is back next year, and should be high in the individual scoring as well as being a memebr of the All-City team.

FURNON DARBY

Darby played guard and made the all city team at the center position. He finished fifth in the city scoring with 78 points. Darby has been out for basketball for the last three years and this makes his second year to letter.

PHILIP PRICE

Sandy, Price's nickname, was forward and a good one. He's back next year, and is all city material. This is Price's first year to letter.

SHIRLEY LLORENTE

Llorente, forward, was the boy who stepped into Robert Hunter's shoes at midterm, and scored forty points. Llorente is only back until midterm next year, but keep your eyes on him the first half. Llorente lettered this year for the first time in his two years of going out for basketball.

EDWIN GASKIN

Edwin played guard on the second team, but lettered as a senior. Eddie has been out for only one year, and he lettered his first year out.

DOUGLAS BROWN

Douglas Brown, captain of this year's team, played forward and center. "Deacon", Brown's nickname, didn't get going until the North Dallas game, but when he did, the opponents knew they had to stop him to win. This was Brown's third year on the squad, and he will be missed when basketball season rolls around again. This makes Deacon's second year to letter.

GEORGE PATTERSON

George, also a letterman, graduated at midterm, leaving guard position open which Price filled very well. Patterson had been out for basketball for three years, and this made his second year to letter.

TRACK

Jack Linehan

Jack, who has lettered three years, was the Leopard's 1938 track captain. He was the most versatile man on the team, being able to turn in a good time for any distance. Linehan, running in the 440, won first place in the city meet, first place in the district meet, and second place in the Region 3 event. In placing the regional event, Jack won a try to the State meet at Austin. This is his last year and he will be exceptionally hard to replace.

Robert Stacy

Stacy showed he could do what he wanted to when he won third in the 100 yard dash. Stacy showe ddetermination to stay in there when the going got rough. This is his first and last year to letter.

Henry Burt

This is Henry's first year to letter in track, by winning second place in the high hurdles. It is his last year, and his loss will be a great one.

Willard Ross

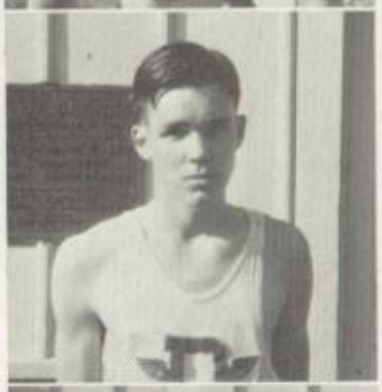
Willard was our sophomore star. He should prove to be a record breaker with more practice and experience. This is his first year to letter, and he has two more years. He should be the bst in the city next year. In the high jump, he jumped five feet and seven inches.

Rex Gandy

Rex, won his letter by taking first place in the javelin throw in the city. He will be hard to replace as this is his last year for the blue and white.

Weldon Gibbs

This is Weldon's first year to letter in track by tying for third place in the pole vault in the District. This is his last year and he will be hard to replace.



Al Boatman

This is Al's second year to letter in track and he has one more year. He should be the best in the city next year in the discuss throw, and should prove a record breaker. He was one of two boys from Adamson to make a showing in the regional meet at Denton this year. He took fourth place there, and is due to go to Austin for the state meet in May.

Hal McCullough

Hal not only surprised himself and the rest of the squad by lettering in the half-mile run by taking third place, but he also surprised Coach Pop Noah. This is Hal's last year for track, but the speed he picked up from track will no doubt prove useful on next year's football squad.

How to Get On the Acorn or Oak Staff

For the satisfaction of the ever-inquiring student body, the *Oak* has condescended to reveal to the public the method of examining the prospective members of the *Acorn* and *Oak* staffs before they take their respective offices. Since the style, make-up, and purpose of the two are somewhat different the tests will vary accordingly. It must be understood that it would be grossly unfair to reveal the answers to any of the questions as there are to be *Acorn* and *Oak* staffs in the future. The examinations are as follows:

Acorn Test:

1. Calculate the approximate weight of a pound of cheese.
2. If one side of a square is 10 inches, what is the length of each of the other three sides?
3. Who wrote Longfellow's "Hiawatha"?
4. Where was the battle of Waterloo fought?
5. Who proposed Archimedes' Principle?
6. When does the 6:30 leave?
7. If 3 plus 6 equals 9, what does 6 plus 3 equal?
8. When was the election of 1936?
9. Spell these words: cat, rat, bat, sat, fat.
10. What kind of animal did Paul Revere ride?
11. What is a gold ring made of?

Oak Test:

1. Explain fully and give five practical applications of Einstein's theory of relativity.
2. a. What is the exact distance from here to there? Express in millimeters.
3. Using Archimedes' Principle, calculate the exact number of sperm whales in the Gulf of Mexico.
4. Name all the constellations alphabetically, giving the number of stars in each and their exact distance from the earth.
5. Write the "Idylls of the King" from memory.
6. Where does your fist go when you open your hand?
7. Give the exact number of Lincoln pennies lost prior to 1890. Give at least three clues to the whereabouts of each.
8. Define the trace the origin of the following words: brobdingnagian, cacophonous, catafalque, piscicultine, poliomyelitis, Zoroastrianism.
9. If a equals b and c equals d and all things being equal, calculate the price of red calico in Africa.
10. If friction generates heat, how far would you have to roll a barrel of water to make it boil?

Note: Write questions 1 to 9, inclusive in Chinese.

The pupil was having trouble with his punctuation and was being called down by the teacher.

"Never mind, sonny," said the visiting school board president, consolingly. "They don't amount to much anyway."

"Don't they?" rejoined the teacher, turning to the president. Then calling to one of the pupils she ordered the boy to write on the board this sentence: "The president of the board says the teacher is a fool."

"Now," she continued, "Put a comma after 'board' and another after 'teacher'."

ESSAY ON A COW

A cow is an animal with four legs on the under side, and is born when very young (so is her calf). A cow is useful in two ways. It gives milk. The milk is good to drink. Also white. So is the left hind foot, except on brown cows, and theirs are black. A cow has ears that wiggle on hinges. So does her tail. A cow is bigger than a calf, but not so big as an elephant. Cows are made small so they can get into the barn when no one is looking. Some cows are black and others hook. Cows have horns but they can't blow them. To freeze cows' milk you use ordinary cold ice. Cows' milk straight is too strong; therefore they always dilute it at the well. All cows give milk and butter, but no eggs. A cow has a tail also which hangs by one end, and swings to and fro—mostly fro. A dead cow will not hurt you. Neither will a live one after it is dead. That is all there is about a cow.

A BROADCASTING RECIPE

This is the story of a young bride who asked her husband to copy off a radio recipe she wanted. He did his best but got two stations at once, one of which was broadcasting the morning exercises and the other the recipe.

This is what he took down:

Hands on hips, place one cup of flour on the shoulders, raise knees and depress toes and mix thoroughly in one-half cup milk. Repeat six times. Inhale quickly one-half teaspoon of baking powder, lower the legs and mash two hard-boiled eggs in a sieve. Exhale, breathe naturally, and sift in a bowl. Attention! Lie flat on floor and roll the white of an egg backward and forward until it comes to a boil. In ten minutes remove from fire, and rub smartly with a rough towel. Breathe naturally, dress in warm flannels and serve with soup.

Miss Bell: "Virginia, tell me about the life of Milton".
Virginia Stockard: "Well—er—Milton was a great poet. He married, and wrote 'Paradise Lost', then his wife died, and he wrote 'Paradise Regained,."

"Waiter, my plate is damp."

"No, sir, that is your soup."

Kathleen is so dumb that she struck a match the other night at the party to see what time it was by the sundial.

653 POSITIONS

High school seniors who are looking forward to employment and opportunity as early as possible after Commencement will be interested to know that during 1937 our Employment Department placed 455 young people—most of them 1936 and 1937 High School graduates—in good starting positions with Dallas business firms; and had 198 calls that we were unable to fill.

A complete record of these calls and placements are on file at the College office—the broadest assurance of the opportunities that await your graduation here that it is possible to conceive.

Intensive Courses to prepare you for similar opportunities within a few months. Call or phone 7-3133 for complete information. Largest in Dallas—in enrollment and placements.
